Casey Kelly/KMXT

From KMXT in Kodiak, this is the Alaska Fisheries Report. Coming up on this week's show...

The Russian pollock fishery seeks MSC certification. How does the Alaska pollock industry respond?

Pollock fishermen are in the midst of the B-season. The fish continue to swim north, but chinook salmon bycatch appears to be down.

And the community of Sand Point may be getting a new shore-side processor soon.

Those stories and more coming up on the Alaska Fisheries Report. Thanks for joining us.
