

Rocks Tumbling Intermittently Near Rezanof West

Tuesday, 22 January 2013

Brianna Gibbs/KMXT

The Kodiak Police Dept has reported that there have been intermittent rock slides Tuesday on Rezanof Drive West, near the Horizon pier. There have been a few reports that the falling rocks have caused some minor damage to automobiles. Currently, the road remains open, but police are encouraging drivers to be cautious while driving and expect delays if slides continue.
