For some people, the New Year is a time for reinvention or change. This notion has certainly spread to Kodiak's small business community as a handful of them look to expand, move or otherwise shake things up in 2013. Join KMXT next week as we take a closer look at Kodiak's shifting economy in our five part series: Business on the Move. Each day we'll feature a local business that is changing things up in the New Year, or opening for the first time. Listen for these stories each day during your KMXT news broadcasts, and don't forget read them online at [KMXT dot org](http://www.kmxt.org).
