The Kodiak Island Borough Assembly will meet tonight for a regular meeting and discuss a rezoning ordinance and approve a number of contracts. First up on the agenda is an ordinance that would rezone a plot of land in Chiniak from public use to residential. This will be the second reading of the ordinance and a public hearing will be held on the matter.

Also during the meeting, the assembly will look at contract for legal services associated with the sale of revenue bonds for the Long Term Care facility. Another contract up for discussion is for installation of electrical services for the Kodiak High School Renovation and Construction project. The Assembly will also be asked to approve a change order for construction services on the landfill lateral expansion project.

Tonight's meeting will begin at 7:30 p.m. and will be held in the borough assembly chambers. The meeting is open to the public and comments are taken at the beginning and end of each meeting. It will also be broadcast live on KMXT.
