

The Alaska Fisheries Report with Jay Barrett

Friday, 30 January 2009

{audio}/images/stories/mp3/090129.alaska_fisheries_report.mp3{/audio}

On this week's show: Job growth looks good in the longer term for Alaska - except in the fishing industry; SWAMC will hear about fisheries privatization - and those who don't think it's a good idea. Those stories, and comparing sport and commercial fishing's economic impacts on the state.

We had help this week from KBBI's Casey Kelly in Homer and KFSK's Joe Viechnicki in Petersburg.
